**PRINT****87: Other specifications. Climate control****Table of control modules and power units**

When replacing the **climate control** power unit on cars with ECC use the table below to select which power unit should be used for the ECC **control** module installed in the car.

The table also gives details of modifications and introduction dates for the different **control** modules.

When replacing the power unit select a new variant if the car has a **control** module which will run with a new variant, since this provides maximal performance of the ECC unit.

Control module and power unit combinations**X=the control module and power unit will run together**

	ECC control modules, introduction date	Remarks	ECC control module	
			Celsius	Fahrenheit
1	1992 week 10	Production start	6849013-5	-
2	1992 week 28	Software revision	9137401-7	9137402-5
